Russell Forman Suffers Injury at Rodeo Meet

Word was received here this morning by Judge William Forman, that his son, Russell, who is riding in the big rodeo at Bishop, has suffered a broken leg. No particulars were contained, but it is supposed that he was thrown from a horse he was riding, or that the animal fell on him. Judge Forman and wife left shortly thereafter by auto for Bishop to be near their son.

Remember the job printing department of The Bonanza is the most complete and up-to-date in the state of Nevada. No reservations or exceptions to this statement.

FIRE FIGHTING IN MINES NOW BECOMES EASY

After Burning Fifteen Years in Butte Fires Are At Last Brought Under Control.

(By Associated Press)

ANACONDA, Mont., May 18.—

Fighting fires in mines is a slow, tedious job and since the dawn of mining has been considered almost a hopeless undertaking. Rich mines in many parts of the world have been burning for generations, their rich stores of wealth being guarded from the hands of man by a barrier of deadly gases and rock walls white with the heat of fires smoldering beyond.

But underground fires no longer are to be considered unquenchable, as in the Butte district a process of fire fighting has been developed by the Anaconda Copper Mining company which is salvaging an ore body of tremendous extent. Fires that have been burning for 15 years in three connecting mines are being smothered under a million tons of mud.

By the end of 1922 two million tons of metallic ore, containing according to expert estimates, as much as \$5,000,000 of copper, once more will be accessible.

A great part of this store of wealth already has come within the reach of the miners and not only that, but a large area which heretofore has been inaccessible because of poisonous gases now is being worked. The process of fighting the subterranean fire, as developed is not complicated. It is an adaptation of an idea evolved in 1884 by fire fighters at a real mine in the Schuylkill region of Pennsylvania. Sand, decomposed rock and other materials which came originally from the slopes and were discarded as tailings in the process of copper extraction, simply have been turned back into the fire area. Water, which in many cases has proved its usefulness as an extinguisher of underground fires, is used for transportation. It conveys the tailings in the form of slush down to the fire regions, 1200 to 2200 feet underground where the sulphuric slime fills the abandoned drifts, crosscuts and slopes and literally smothers the fire.

Though complicated the task of extinguish the fires in the Butte district has been difficult and long, beginning in the fall of 1917 and continuing until now, employing 250 men on a 24-hour shift.

Mrs. George Cole Is Hostess Rebecca Circle

Mrs. Ernest Cole, residing on Odessa Avenue, entertained 26 friends last night, all members of the Rebecca Circle, and a most enjoyable evening was spent by all present. The hours were pleasantly passed in playing whist, following which delicious refreshments were served. First favors were awarded Mrs. Lester Jackson; second went to Mrs. Turner, and third to Mrs. W. R. Cochran. Consolation was awarded to Mrs. D. C. Ryckman.

Read the Bonanza and you get news when it is fresh. It's only \$1 a month.

Burglars Rob Reno Home P. A. Simon of Mina

The home of P. A. Simon, president and general manager of the Simon Silver-Lead Mines company, at 154 West Liberty street, Reno, was entered by sneak thieves on Thursday night, who carried away several valuable articles of jewelry. A report of the burglary was made to the police by one of Mr. Simon's young sons, the adults of the household being absent from the city. While the boys were away the thieves entered the house through a cellar door.

Miss Letitia L. Sawle to Secure a Normal Degree

Miss Letitia L. Sawle, daughter of William Sawle of Tonopah, will be graduated from the two-year normal school course at the University of Nevada, on next Wednesday. Miss Sawle is the only Tonopah student who will be graduated this year from the U. of N. She is a graduate of the Tonopah high school, and her many friends have always predicted for her a bright future.

MEETING NOTICE.

A meeting of Republican County Central Committee of Nye county will be held in the Divide brokerage office, next to Western Union, on Monday evening, May 22, at 8 o'clock. All members are urged to be present. The public is invited.

MARK BRADSHAW, Chairman.

FRED NINNIS, Secretary.

BELMONT STILL MAINTAINS BIG ORE PRODUCTION

Property Shows Class as Great Money Earning Proposition and Many Are Employed.

Tonopah Belmont Development company continues its aggressive campaign of development, and the ore extraction is gradually being increased, with every indication that the production for 1922 will exceed that of all past history. With continued good weather the scope of operations will gradually be enlarged, and when the sweeps plant has been brought into commission during the summer, a substantially increased earning should naturally follow.

The official report of operations for the week ending Friday, May 12, follows:

"700 level—Intermediate northeast crosscut, off slope 916, prospecting hanging wall of Mizpah vein. North crosscut 905, off east drift 9035, prospecting hanging wall of North vein. West drift 9035, off northeast crosscut 928, prospecting in Mizpah trachyte.

"1000 level—North crosscut 10078, off east drift 10005, prospecting hanging wall of Rescue vein. East drift 10080, off north crosscut 10077, Mizpah fault. (A) vein, 2 feet milling ore. West drift 10049, off northeast crosscut 10029, driving for connection with south crosscut 1003.

"1100 level—North crosscut 1199, off southwest crosscut 1145, prospecting in Mizpah trachyte. South-east crosscut 11016, off east drift Belmont, mining purposes. Intermediate east drift, off raise 125, following 1½ feet fair ore on Middle vein, hanging-wall branch. South crosscut 2, off east drift Belmont, prospecting in Mizpah trachyte.

"1200 level—South crosscut 1210, off north crosscut, stopped temporarily.

"1300 level—Intermediate east drift, off east slope 5, Belmont footwall vein, 2 feet medium grade ore. Intermediate west drift, off east slope No. 5, Belmont footwall vein, 3½ feet milling ore. West drift 1334, off south crosscut 1331, footwall vein, 1½ feet low grade ore.

"1400 level—Raise 17, off north crosscut 1411, 1220 vein, 2½ feet of good ore."

Will Observe Mother's Day

Generally on Sunday

Tomorrow is Mother's Day and it will be generally observed throughout America by the wearing of white carnation. This is the day you should either telegraph your mother, or at least write her a letter letting her know that you have not forgotten her but that you still cherish her love.

PERSONAL

F. A. VOLLMAR, mining man from Silver Peak, is a visitor to Tonopah.

MRS. VELMA HAMPSON and baby were outgoing passengers today for San Francisco.

MRS. NELLIE SHAW and little son, Lawrence, were passengers this morning for San Francisco.

PARK V. PERKINS, president and general manager of the American Carrara Marble company, accompanied by his wife and Attorney H. H. Atkinson, the latter having been to Los Angeles, motored up from Carrara last night. Mr. and Mrs. Perkins left again this morning for the south.

A. E. LOWE, superintendent of the North Star mine, was in Goldfield yesterday inspecting the workings on the Silver Pick.

FRANK H. TAYLOR, the well known mining man of Argentite and Golden Arrow, was a visitor to Goldfield last night.

J. G. CRUMLEY will visit the Reed district tomorrow to note development going forward on the leases on the Storm Cloud property in which he is interested.

"BRIZ" PUTMAN, who is interested in property at Golden Arrow, known as the Reed district, left this morning for the camp to resume development upon his holdings.

JOE TOGNONI arrived from Silverton last night where he has been watching development that is going forward on the Treasure Hills Nevada mining property, in which he is heavily interested.

MRS. J. B. KIERNAN, who has been in charge as art matron of the Sigma Phi Sigma, a popular sorority of the University of Nevada, passed through Goldfield this morning en route to her home at Beatty, where her husband is a prominent mining man.

DR. WALTER A. CLARK, president of the University of Nevada, will spend a few days visiting the Tonopah and Goldfield school with the week commencing May 22, according to word received today by Walter Anderson, superintendent of the local schools.

Money Demand Case on Trial District Court

The district court has been busy since yesterday morning in the trial of the case of George Siml against Peter Fabbri. The case is in the form of a money demand to recover payment upon a carload of grapes purchased by Fabbri. The latter alleges that the fruit was not up to the standard and made remittance for the amount he considered proper, and the defendant brought suit to recover the difference.

Don't forget the Eagles dance Saturday night. Fine floor, excellent music and a good time. M12-21.
